Guidelines for Annual Examination 2020-21

A year full of online activities, learning and achievement has come to an end. The student guided by the teachers have developed attitudes, values and goals for a better life. We look forward to scale higher peaks of learning and success in the next year. The fruitful online academic journey of the student was due to parents' commitment and teacher's dedication. We hope the same commitment in next academic years as well.

Now it is the time to evaluate the student so as to improve the quality of the educational experience and to acknowledge their shortcomings.
